Job Work Done to Order For Cash on Delivery.

NOTES: A firm in New Orleans has orders for one thousand plows from a single county in Texas.

NOTES: The total amount of sand and gravel we extracted from the earth up to the present time, as far as can be ascertained, amounts to about \$22,000,000, of which only about one-half at present remains in existence.

NOTES: The London Patriot says, the Roman Catholics have nearly doubled their priests and chapels in England and Scotland, since 1851. There are nearly four times as many converts as there were fifteen years ago, and there are more than fifteen hundred priests in England alone.

NOTES: A Texas letter represents the freedmen contented, steady and working with a will. The negroes are generally disposed to remain with their former masters in those parts of the State where neither negro troops nor the Freedmen's Bureau are located.

NOTES: The existence of an Abortionist.

Doctor Horace W. Libby, recently

found guilty by a jury at Cleveland, of

manslaughter by an operation for pro-

ducing an abortion, was a few days

since sentenced to the penitentiary for

eight years.
